If a person wishes to appeal any decision made by the City Council with respect to any matter considered at the hearing, such person will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made.

The assessments have been proposed to fund the on-going maintenance of stormwater collection and treatment facilities. The assessment for each parcel of property will be based, in part, on the number of equivalent residential units attributable to such parcel. The maximum annual assessment is estimated to be \$120.00 per ERU. A more specific description is set forth in the Preliminary Assessment Resolution adopted by the City Council on July 27, 2010. The assessments will be collected on the non-ad valorem tax bill, as authorized by Section 197.3632, Florida Statutes. NOTICE OF HEARING TO IMPOSE AND PROVIDE FOR COLLECTION OF SPECIAL ASSESSMENTS FOR SERVICE AREAS 1, 3, 4, 5, 6 AND 7 (Including the Supplemental Assessment Program)

Notice is hereby given that the City of Marathon, Florida, will conduct a public hearing to receive public comment on the existing wastewater assessments against certain parcels of property located in the City and approve the special assessment roll for service areas 1, 3, 4, 5, 6, and 7 (including the Supplemental Assessment Program). The hearing will be held at 5:30 p.m., or as soon thereafter as the matter can be heard, on August 27, 2024 at the City of Marathon Council Chambers, 9805 Overseas Highway, Marathon, Florida for the purpose of receiving public comment on the assessments and their collection on the tax bill. In accordance with the Americans with Disabilities Act, if you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the City at (305) 289-4130, at least five days prior to the public hearing. The Assessments were originally imposed in 2008, 2009, and 2011 to fund construction of wastewater collection and treatment facilities. The assessment for each parcel of property is based, in part, on the number of equivalent dwelling units attributable to such parcel, and, in part, on the number of connections attributable to such parcel. Unless prepaid, the annual assessment will include your share of the principal, interest and collection cost. The maximum annual assessment is estimated to be \$415 per EDU and \$93 per Connection for Service Areas 1, 3, 4, 5, 6 & 7. A more specific description is set forth in the Initial Assessment Resolution adopted by the City Council on June 24, 2008 and June 9, 2009. Copies of the Initial Assessment Resolution, the plans and specifications for the wastewater collection and treatment facilities, and the preliminary Assessment Roll are available for inspection at the offices of the City Manager, located at 9805 Overseas Highway, Marathon, Florida.

The assessments will be collected on the ad valorem tax bill, as authorized by Section 197.3632, Florida Statutes. Failure to pay the assessments will cause a tax certificate to be issued against the property which may result in a loss of title. The City Council intends to collect the assessments in not to exceed twenty (20) annual assessments, the first of which was included on the ad valorem tax bill mailed in November 2009. Future annual assessments may be prepaid at the option of the property owner.

Vice Mayor Sam Kaufman suggested lowering the amount of each proposal, many of which were fraught with multiple motions and reconsideration before agreement. Johnston also sought direction from lawyers on how to inform and include the community on the details of the proposals, with workshops being suggested.

Commissioners ultimately agreed, on 4-3 votes, to move forward on the referendums.

The proposed Parks and Recreation referendum, originally with a \$68 million price tag, aims to provide accessible innovative parks and cultural facilities to Key West and includes restoration, replacement and renovation to parks and other capital assets.

After balking on the original proposal, Kaufman amended the motion for approval of \$30 million. Commissioner Lisette Carey seconded the motion, but Commissioner Jimmy Weekly offered a motion to amend the amount to \$50 million. Commissioners then agreed to that amount,

with Carey, Kaufman and Commissioner Billy Wardlow voting against it.

Commissioners then took up the referendum regarding Transportation, with Kaufman suggesting reducing the \$51 million amount to \$25 million, but the motion was defeated. Commissioner Mary Lou Hoover then motioned for approval of the original amount, which commissioners approved on another 4-3 vote, with Carey, Kaufman and Wardlow again voting against it.

Key West Police Chief Sean Brandenburg made an impassioned plea for the commission to approve the public safety referendum, although he specifically requested enough funds to replace Fire Station No. 3 on Flagler Avenue.

The referendum initially called for an \$82 million bond. Commissioner Kaufman sought to reduce that amount to \$62 million and Commissioner Clayton Lopez suggested even less, \$42 million, which currently is the estimated cost to replace the aging station.

"I will make this commitment to you: Our No. 1 priority should be Fire Station No. 3,"

"We should build Fire Station No. 3 as an EOC (Emergency Operations Center), in the manner in which (Key West Fire) Chief (Alan) Averette has said it"

The police chief then told commissioners: "I will not ask you for a penny of this money until Fire Station No. 3 is built and completed. I make that commitment to you."

On the fourth and final referendum regarding adaptation, commissioners considered a variety of values before a request to take a break was made by Kaufman. During the break, an unidentified person was overheard saying "I feel like I'm at an auction," before commissioners returned to hear from Sustainability Coordinator Alison Higgins.

Higgins told the commission the \$99 million request, which would be used for mitigating hurricane and sea-level rise impacts, and strategic investments in roads, buildings and infrastructure, could be lowered; the commission discussed amounts of \$75 million and \$50 million before agreeing to \$65 million.
