

Potential ROGO/BPAS Timelines

Timeline to request 220 allocations, which would not change hurricane evacuation hours

*Requesting anymore than 220 will require a legislative change

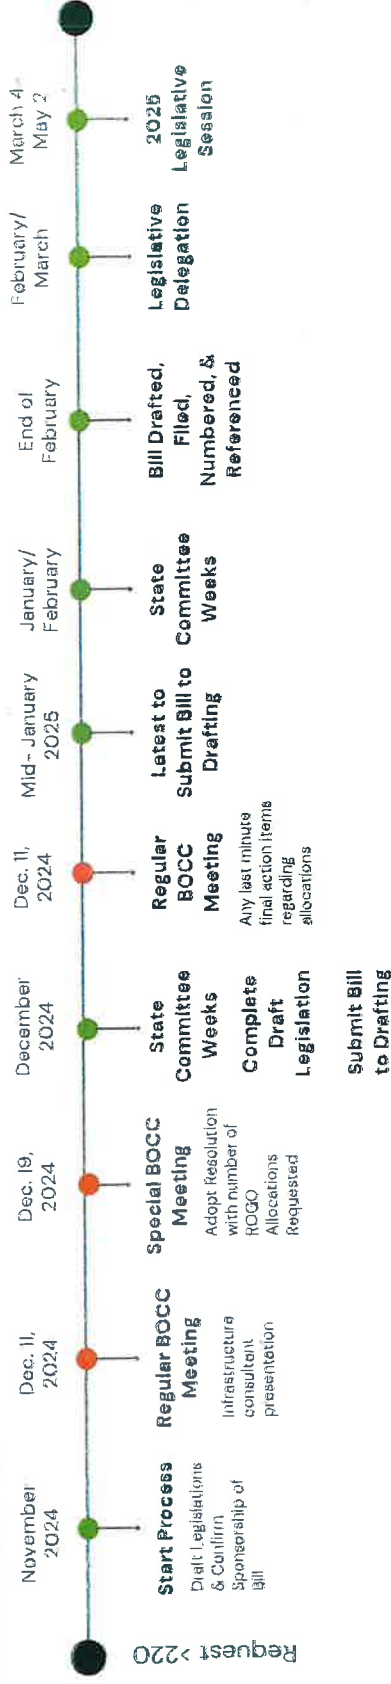

*Two Paths through Florida Commerce can include:

1. Have Request in Annual Report
2. Not Include in Annual Report, but have as a separate "sub item" added on to the agenda (this is how the 1,300 were done)

Timeline to request more than 220 allocations, which would require a statutory change to hurricane evacuation hours

*Can be done concurrently or in combination with requesting 220 allocations

Legend:

● Florida Commerce Inclusion in Area Critical State Concern Report

● County Dates

● Change of Legislation Important Dates
