 RE: Staff Vehicle

Craig;

With the lease on the present Command vehicle ending in just a few months, May 19th, I cannot recommend that the city purchase the vehicle for the buy out price of over \$20,600. I have forwarded a copy of the lease to your office at this time, for you to consider our options.

I would like to recommend that the city purchase from the State Sheriff's Contract the vehicle to meet the needs of the community and the department. I have included with this memo the contract proposal from the state in regards to this vehicle.

This would replace the present Command vehicle and the recommendation would be a Ford Expedition.

'Presently this vehicle is not in production and prices for the 2003 will not be out till mid March. The Dealer acknowledged that their prices have remained fairly constant, but these options may be standard in the 2003 model. So the above price is an estimate of the price, we will have a firm bid from them when they receive the information from the manufacturer. With the time of replacing this being a factor we request that the council address this at their earliest possible time so we may purchase this vehicle. I recommend a range or limit on the price so we may move forward to obtain this once the Sheriffs Contract price is established.
