Contractor shall also protect all other parts of the Project from damage by the Work. Should any damage to the Work be caused, either by Contractor's failure to properly protect the Work, and/or should the work of others be damaged by Contractor or any Subcontractor, Contractor shall immediately repair the same without compensation other than that provided by the proceeds of the insurance policies required by this Agreement. In the event that a hurricane alert is put into effect for the area containing the Project, Contractor shall immediately secure the Work in accordance with City's instructions without any additional compensation from City.

8.14.2 Contractor shall be responsible for any damage, theft, vandalism or mysterious disappearance of its own equipment and/or materials from the time such equipment and materials are placed on or about the Project. 9.1.2 All labor, material, equipment and supplies furnished and the Work completed pursuant to the Contract will be new, of the highest quality, free from faults and defects and in conformance with the Contract Documents as to kind, quality, function, design, and characteristic of materials and workmanship specified.

9.2 City's Representative, Engineer and other representatives of City, testing agencies and governmental agencies with jurisdictional interests shall have access to the Work at reasonable times for their observation, inspecting and testing. Contractor shall provide proper and safe conditions for such access.

9.3 Contractor shall obtain warranties from each of its Subcontractors, which warranties shall run in favor of City. Contractor shall assign to City all manufacturer and dealer warranties and guarantees on equipment and materials, together with any other warranties or guarantees required by the Contract Documents.

9.4 If the Work is Defective, or Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to furnish or perform the Work in such a way that the completed Work will conform to the Contract Documents, City may order Contractor to stop the Work, or any portion thereof, until the cause for such failure has been eliminated; however, this right of City to stop the Work shall not give rise to any duty on the part of City to exercise this right for the benefit of Contractor or any other party.

9.4.1 If required by City's Representative, with the recommendation of the Engineer, Contractor shall promptly, as directed, either correct all Defective Work, whether or not fabricated, installed or completed, or, if the Work has been rejected by City's Representative, upon the recommendation of the Engineer, remove it from the Site and replace it with non-Defective Work. Contractor shall bear all direct, indirect and consequential costs of such correction or removal (including but not limited to fees and charges of City's Representative, the Engineer, attorneys and other professionals) made necessary thereby.

9.4.2 If within five (5) years after the date of final completion or within any designated manufacturer's warranty, whichever is greater, or such longer period of time as may be prescribed by laws or regulations or by the terms of any applicable special guarantee required by the Contract Documents or by any specific provision of the Contract Documents, any Work is found to be

Defective, Contractor shall promptly, without cost to City and in accordance with City's written instructions, either correct such Defective Work, or, if it has been rejected by City or City's Representative, based on the recommendation of the Engineer, remove it from the Site and replace it with non-Defective Work. If Contractor does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, City may have the Defective Work corrected or the rejected Work removed and replaced, and all of City's direct, indirect and consequential costs of such removal and replacement (including but not limited to fees and charges of the Engineer, attorneys and other professionals) will be reimbursed by Contractor. In special circumstances where a particular item of equipment is placed in continuous service before Final Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications or by written amendment.

9.4.3 City shall reserve and retain all of its rights and remedies at law and equity against Contractor and its surety for damages and for corrections of any and all latent defects.

9.4.4 Any Defective construction that is either corrected or rejected and replaced will be warranted and guaranteed for a period of five (5) years from the date of acceptance of such correction or removal and replacement, even if it had previously been corrected or replaced, in accordance with the provisions of this Article 9. If within such extended warranty period, the Work is once again found to be Defective, City shall be entitled to all of City's rights and remedies under this Article.

9.5 Contractor shall indemnify and hold harmless City from any claims, loss, damage or expense due to defects in the Work. Contractor's warranty obligations will survive the making of the Final Requisition or any earlier termination of this Agreement.

9.6 In the event of a conflict between any warranty and indemnity, the provision which grants greater rights to City shall prevail. The various rights, options and remedies of City shall be construed as cumulative and no one of them shall be exclusive of any other, or exclusive of any of the rights or remedies allowed to City by law. All warranties, representations and indemnities made and given by Contractor hereunder shall survive both the performance of the Work and any termination of this Agreement.

11.1 Within thirty (30) days after execution of this Agreement, Contractor shall prepare and submit to City for City's approval a list of persons or entities proposed by Contractor to furnish materials, equipment, or services for each portion of the Work. Contractor shall contract solely in its own name and behalf, and not in the name or behalf of City with the selected Subcontractor. City shall promptly advise Contractor of its approval or disapproval of such subcontractor.

11.1.1 Each subcontract shall require the Subcontractor to comply with the Florida Construction Lien Law, Chapter 713, Florida Statutes, and shall contain a time is of the essence provision.

11.2 Nothing contained herein shall, however, create any obligation on City to assume any Subcontractor Contract or make any payment to any Subcontractor unless City chooses to request Subcontractor to perform or as otherwise provided in this Agreement, and nothing contained herein shall create any contractual relationship between City and any Subcontractor.

11.3 No Subcontractor shall be a third party beneficiary of this Agreement. Contractor shall be responsible for any act or failure to act by all Subcontractors and their employees, and all the Work, material and/or work product provided by the Subcontractors. All work performed for Contractor by a Subcontractor shall be pursuant to an appropriate agreement between Contractor and the Subcontractor acceptable to City in its reasonable discretion which shall contain the provisions that:

11.3.1 waive all rights the contracting parties may have against one another for damages caused by fire or other perils covered by the property insurance;

11.4 All computations, calculations, plans, specifications, Shop Drawings or reports, if any, prepared by Subcontractors shall, upon City's request, be available to City for its review and approval.

11.5 In the event of the failure of Contractor during the progress of the Work or at any time thereafter to pay for all materials and labor used in the prosecution of the Work, City may, at its option and without notice to Contractor prior thereto, pay all such claims for labor and materials and charge the amounts, including attorneys' fees and costs, to Contractor and deduct same from the next

following approved payment (if any) to Contractor. City may, at its option, pay any amounts owed to Contractor by joint check payable to Contractor and its Subcontractors. Any notice received by City that Contractor has failed to timely pay for any material, equipment, and/or payroll expenses, including, but not limited to, all appropriate withholding taxes, shall be deemed an event of default which must be cured by Contractor within three (3) working days after notice by City. Any lien placed on the Project by a Subcontractor or otherwise by, through or under Contractor shall be removed by Contractor, at Contractor's sole cost and expense, by transfer to bond or otherwise within five (5) days of the filing thereof.

12. INDEMNIFICATION

12.1 Contractor shall defend, pay, discharge, satisfy, indemnify and save harmless City, its officers, directors, shareholders and employees and the Project or any portion thereof from any and all liabilities, losses, obligations, debts, claims, demands, liens, cause or causes of action, suits, damages, costs or expenses, including reasonable attorney's fees, arising from, in whole or in part:

12.1.3 The failure by Contractor to make any payment to a Subcontractor, material supplier or laborer as and when due.

12.2 City may set off any amount to which it may be entitled under this Article 12 against amounts otherwise payable under the Contract. Neither the exercise of nor the failure to exercise such right of set-off will constitute an election of remedies or limit City in any manner in the enforcement of any other remedies that may be available to it.

12.3 Promptly after receipt by an City of notice of any matter or action against which it is indemnified, City will give notice to Contractor thereof, but the failure to notify Contractor will not relieve Contractor of any liability that it may have to City, except to the extent that Contractor demonstrates that the defense of such action is prejudiced by City's failure to give such notice.

12.3.1 If any matter referred to in Subsections 12.1.1 through 12.1.3 is brought against City and it gives notice to Contractor of the commencement of such matter, Contractor will, pay or transfer to bond any liquidated claims or if the claim is not liquidated, be entitled to participate in such proceeding and, to the extent that it wishes unless (i) Contractor is also a party to such proceeding and City determines in good faith that joint representation would be inappropriate, or (ii) Contractor fails to provide reasonable assurance to City of its financial capacity to defend such proceeding and provide indemnification with respect to such proceeding, to assume the defense of such proceeding with counsel satisfactory to City and, after notice from Contractor to City of its election to assume the defense of such proceeding, Contractor will not, as long as it diligently conducts such defense, be liable to City under this Article 12 for any fees of other counsel or any other expenses with respect to the defense of such proceeding, in each case subsequently incurred by City in connection with the defense of such proceeding, other than reasonable costs of investigation. If Contractor assumes the defense of a proceeding, (i) it will be conclusively established for purposes of this Agreement that the claims made in

that proceeding are within the scope of and subject to indemnification; (ii) no compromise or settlement of such claims may be effected by Contractor without City's consent unless there is no finding or admission of any violation of Legal Requirements or any violation of the rights of any Person and no effect on any other claims that may be made against City, and the sole relief provided is monetary damages that are paid in full by Contractor; and City will have no liability with respect to any compromise or settlement of such claims effected without its consent. If notice is given to a Contractor of the commencement of any proceeding and Contractor does not, within ten days after City's notice is given, give notice to City of its election to assume the defense of such proceeding, Contractor will be bound by any determination made in such proceeding or any compromise or settlement effected by City.

12.3.2 Notwithstanding the foregoing, if City determines in good faith that there is a reasonable probability that a proceeding may adversely affect it or its affiliates other than as a result of monetary damages for which it would be entitled to indemnification under this Agreement, City may, by notice to Contractor, assume the exclusive right to defend, compromise, or settle such proceeding, but Contractor will not be bound by any determination of a proceeding so defended or any compromise or settlement effected without its consent (which may not be unreasonably withheld or delayed).

12.4 A claim for indemnification for any matter not involving a third-party claim may be asserted by notice from City to Contractor.

12.5 In order to comply with Section 725.06, Florida Statutes, Construction Contracts; Limitation on Indemnification, City and Contractor acknowledge and agree that the maximum amount that may be received pursuant to this indemnification shall be \$10,000,000. The provisions of this Section are hereby incorporated into the Project specifications and made a part thereof.

13.4 City shall have the power to adjust and settle any loss with its insurers.

13.5 All insurance policies provided by Contractor pursuant to this Agreement shall be on an occurrence basis.

13.6 Contractor hereby releases, and shall cause its Subcontractors and suppliers to release, City, City's partners, the parent companies and affiliates of City and of any partner and the directors, officers, shareholders, employees and agents of any of the above mentioned parties (the "Released Parties") from any and all claims or causes of action which Contractor and/or such parties might otherwise possess resulting in or from or in any way connected with any loss covered or which should have been covered by insurance, including the deductible portion thereof, maintained and/or required to be maintained by Contractor, its Subcontractors, and suppliers pursuant to this Agreement. This release is further intended to bind Contractor's and such parties' insurers providing the above stated insurance coverage, and Contractor agrees to inform and obtain permission from its insurers, and further agrees to require its Subcontractors and suppliers to inform and obtain permission from their insurers, to so release the Released Parties from any and all claims or causes of action as provided above only so as to effectively waive any subrogation rights of said insurers.

14. CESSATION

In the event the development of the Project ceases or is interrupted by an Unavoidable Delay which continues for a period of more than one hundred twenty (120) consecutive days after Contractor has performed any services pursuant to the terms hereof, either party may terminate this Agreement upon written notice given from one to the other. Upon such termination, Contractor's sole

remedy shall be payment of the Cost of the Work and that portion of Contractor's Fee earned through date that the Work substantially stopped.

15. **CONTRACTOR DEFAULT**

If Contractor shall fail to perform any of its obligations under the Contract Documents, be adjudged a bankrupt, make a general assignment for the benefit of insolvency, become insolvent otherwise, or fail to make prompt payments to its subcontractors, materialmen or laborers, City shall have the right, if Contractor shall not commence to cure and diligently pursue such cure of such default after five (5) days written notice thereof, and complete such cure within thirty (30) days after written notice thereof, to (i) terminate this Agreement, (ii) take possession of and use all or any part of Contractor's materials, equipment, supplies and other property of every kind used by Contractor in the performance of the Work and to use such property in the completion of Work, (iii) complete the Work in any manner it deems desirable, including engaging the services of other parties therefore including but not limited to the assumption of Contractor's rights under any such contracts, and (iv) take such other action as may be available in law or equity. Any or all such acts by City shall not be deemed a waiver of any other right or remedy of City. If after exercising any such remedy, the cost to City in taking possession of the Site and of the performance of the balance of the Work is in excess of that part of the Guaranteed Maximum Price which has not theretofore been paid to Contractor hereunder, Contractor shall be liable for and shall reimburse City for such excess upon demand.

16. **CITY DEFAULT**

As Contractor's sole remedy, if City fails to perform any of its obligations hereunder, Contractor shall have the right to give City a written notice thereof, stating the nature of the default and if City does not commence to cure and diligently pursue such cure of such default within fifteen (15) days after receipt of such notice, Contractor shall have the right to suspend the Work, and if not cured within sixty (60) days, to terminate this Agreement by giving City written notice, thereof at any time thereafter while such default remains uncured, and payment shall be made to Contractor for all Work executed and for any proven loss sustained upon any materials, equipment, tools construction equipment and machinery, and reasonable demobilization costs and that portion of Contractor's Fee earned to date of termination. A wrongful termination for cause by City shall be deemed a termination for convenience and Contractor's sole remedy shall be the rights provided therefor.

17. **DISPUTE RESOLUTION**

17.1 All claims, disputes and other matters in question between Contractor and City arising out of, or relating to, the Contract Documents or the breach thereof, shall be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association

17.2 Any arbitration occurring pursuant to this section may include any other party substantially involved in a common question of fact or law whose presence is required if complete relief is to be accorded in arbitration.

17.3 The foregoing agreement to arbitrate and any other agreement to arbitrate with an additional person or persons in connection with the Project shall be specifically enforceable under the prevailing arbitration laws of the State of Florida. The award rendered by the arbitrators shall be final and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

17.4 The venue of any arbitration occurring pursuant to this paragraph or any court proceeding to interpret or enforce said paragraph shall be in Monroe County, State of Florida.

17.5 Notice of the demand for arbitration shall be filed in writing with the other party or parties to said arbitration and with the American Arbitration Association. The demand for arbitration shall be made within a reasonable time after the claim, dispute or other matter in question has arisen, and in no event shall it be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statute of limitations.

17.6 Except as provided herein, all other claims, disputes and other matters in question between Contractor and City arising out of, or relating to, the Contract Documents or the breach thereof, shall be decided by the courts of the State of Florida and venue for any such action shall be in Monroe County.

17.7 Unless otherwise agreed in writing, Contractor shall carry on the Work and maintain its progress during any arbitration or court proceedings, and City shall continue to make payments to Contractor in accordance with the Contract Documents.

18.1 Invalid or Inconsistent Provisions. In the event that any of the provisions of this Agreement, or any part thereof, is rendered invalid or unenforceable by Governmental Requirements, or by judicial decision; then such provision, or any part thereof, shall continue in effect only to the extent permitted. However, the invalidity or unenforceability of any provision, or any part thereof, of this Agreement shall not affect the enforceability of the remaining provisions of this Agreement. To the extent that any of the Sections herein contain provisions relating or pertaining to the same subject matter, the obligations, covenants and/or conditions set forth therein shall be cumulative and, where applicable, concurrent. Further, to the extent that any such provisions may be interpreted to be conflicting and/or mutually exclusive, it is the intent of the parties hereto that the obligations, conditions or covenants, as applicable, which provide the greatest protection or benefit to the party for whose benefit such protection is intended, shall apply.

18.2 Amendments. This Agreement may only be amended by the prior written approval of the parties or by execution of a Change Order or a Field Order.

18.3 Assignment of Contract. Except as expressly permitted by this Agreement, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents. If Contractor is an entity other than a natural person, a change in the ownership of forty percent (40%) or more of such entity shall be deemed an assignment prohibited hereby. If, notwithstanding this Section, Contractor shall so assign, subcontract or sublet Work contrary to the provisions of this Section, then at any time thereafter City shall have the right to terminate this Agreement as upon any other material breach hereof. City reserves the right to transfer and assign this Agreement or any portion hereof to any corporation, individual, partnership or person which it may designate. The parties hereto expressly agree that City may be dissolved and that its assets may be transferred to any Person, and that in the event of such dissolution and transfer, all liability to Contractor of City, its officers, directors, shareholders, agents and employees and/or members of City is hereby waived, and Contractor agrees to and shall look only to such assignee.

18.8 Jurisdiction. The parties hereto submit to the jurisdiction of the State and Federal Courts in and for Monroe County and waive any claim that the same is an inconvenient forum.

18.9 No Recording. Neither this Agreement, nor any memorandum thereof, may be recorded in the Public Records and any such recording by Contractor shall be deemed a material default.

18.10 Notices. Any notice to be given or to be served upon any party hereto, in connection with this Agreement, must be in writing, and may be given by certified or registered mail and shall be deemed to have been given and received when a certified or registered letter containing such notice, properly addressed, with postage prepaid is deposited in the United States Mails; and if given otherwise than by certified or registered mail, it shall be deemed to have been given when delivered to and received by the party to whom it is addressed. Such notices shall be given to the parties hereto at the address set forth in the introduction to this Agreement. Any party hereto may, at any time by giving five (5) days' written notice to the other party hereto, designate any other address in substitution of the foregoing address to which such notice shall be given and other parties to whom copies of all notices hereunder shall be sent.

18.11 Applicable Law. This Agreement shall be governed by, and construed in accordance with, the law of the State of Florida.

18.12 Headings. Descriptive headings are for convenience only and shall not control or affect the meaning or construction of any provision of this Agreement.

18.13 Counterparts. This Agreement may be executed in any number of counterparts; each such counterpart hereof shall be deemed to be an original instrument, but all such counterparts together shall constitute but one Agreement.

18.14 Construction of Agreement. All of the parties to this Agreement have participated freely in the negotiation and shall not be more strictly construed against any one of the parties hereto.

18.15 Signage. Contractor shall erect no signs or advertising of any kind whatsoever in or about the vicinity of the Project without City's prior written consent. All approved signs shall be removed by Contractor upon completion of the Work.

18.16 Waiver of Jury Trial. **CITY AND CONTRACTOR HEREBY KNOWINGLY, IRREVOCABLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHT EITHER MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY ACTION, PROCEEDING OR COUNTERCLAIM BASED UPON THE CONTRACT DOCUMENTS, OR ARISING OUT OF, UNDER, OR IN CONNECTION WITH THE CONSTRUCTION OF THE WORK OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY.**

18.17.1 Contractor shall comply with all federal, state and local laws and ordinances applicable to the work or payment for work and shall not discriminate on the grounds of race, color, religion, sex, age, marital status, national origin, physical or mental disability in the performance of work under this Agreement.

18.17.2 Contractor shall comply with the wage provisions of Section 287.055, Florida Statutes. If the project is subject to federal or state grant funding that requires specific wage and non-discrimination provisions, Contractor shall be required to comply with the same.

18.18 No Contingent Fee. Contractor warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. In the event Contractor violates this provision, City shall have the right to terminate this Agreement, without liability, and at its sole discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.

18.19 Independent Contractor. Contractor is an independent contractor under this Agreement. Services provided by Contractor shall be by employees of Contractor, and not as officers, employees, or agents of City. Personnel policies, tax responsibilities, social security, health insurance, employee benefits, purchasing policies and other similar administrative procedures applicable to services rendered under this Agreement shall be those of Contractor.

18.20 Truth-in-Negotiation Certificate. Signature of this Agreement by Contractor shall act as the execution of a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation of this Agreement are accurate, complete, and current at the time of contracting.

18.21 Public Entity Crimes Act. Contractor represents that the execution of this Agreement will not violate the Public Entity Crimes Act (Section 287.133, Florida Statutes), which essentially provides that a person or affiliate who is a Contractor, consultant or other provider and who has been placed on the convicted vendor list following a conviction for a Public Entity Crime may not submit a bid on a contract to provide any goods or services to City, may not submit a bid on a contract with City for the construction or repair of a public building or public work, may not submit bids on Contracts of real property to City, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with City, and may not transact any business with City in

excess of the threshold amount provided in Section 287.017, Florida Statutes, for category two purchases for a period of thirty six (36) months from the date of being placed on the convicted vendor list. Violation of this section shall be a material breach of the Contract and result in termination of this Agreement and recovery of any monies paid by City, and may result in debarment from City's competitive procurement activities. In addition to the foregoing, City further represents that there has been no determination, based on an audit, that it committed an act defined by Section 287.133, Florida Statutes, as a "public entity crime" and that it has not been formally charged with committing an act defined as a "public entity crime" regardless of the amount of money involved or whether City has been placed on the convicted vendor list.

18.22 Trench Safety Act. Contractor shall also comply with the Trench Safety Act set forth in Sections 553.60 through 553.64, inclusive, Florida Statutes, and OSHA Standard 29 C.F.R. § 1926.650 Subpart P. In order to evidence Contractor's intent to comply with the foregoing, upon execution of this Agreement, Contractor shall also execute and deliver to City a Trench Safety Act Compliance Statement on a form provided City. Without limiting the foregoing, at all times during performance of the Work, under no circumstances shall any trench(es) remain open overnight.

City shall have the right to immediately terminate this Agreement for the refusal by Contractor to comply with Chapter 119, Florida Statutes.
