Labor needed to prepare monthly and annual reports as described in the Agreement, including FDEP required reports, financial reports and status reports is included. Labor for

meetings with representatives of the City related to operation, compliance, permitting and maintenance issues is included in the Annual Fee

The annual lump sum fee for Services for the period starting on the effective date set forth in Article 4.1 is \$190,965 (One hundred ninety thousand nine hundred sixty-five dollars). This annual lump sum fee will be adjusted as provided in Section 7.1 as additional phases of the CITY'S wastewater and stormwater systems become operational.

5.2 Hourly Compensation for Additional Services:

Non-routine and out of scope services are classified in two categories. The first category is Regular Time and consists of scheduled work that can be performed at times convenient to the Contractor. The second category is Call Out Time and consists of work that is time sensitive and requires unscheduled responses. This second category includes emergency call outs, responses to alarm conditions at the treatment facility and other work that may require immediate execution. The hourly rates for both Regular Time and Call Out Time for three levels of labor, to be billed in .25 hour increments, are as follows:

| Labor Category | Regular Hourly Rate | Call-Out Hourly Rate |
|----------------------|---------------------|----------------------|
| General Labor | \$45.00 | \$67.50 |
| Skilled Labor | \$60.00 | \$90.00 |
| Administrative Labor | \$80.00 | \$80.00 |

The hourly rate applied to the additional services billed by the OPERATOR will be based on the skills required for the task performed as determined by the CITY'S REPRESENTATIVE, not by the level of skill or licensing held by the personnel performing the work.

These hourly rates may be adjusted as provided in Section 7.1 as additional phases of the CITY'S wastewater and stormwater systems become operational.

5.3 Materials Cost Reimbursement:

5.3.1 The OPERATOR will be reimbursed for the cost of materials and supplies purchased by the OPERATOR, to include chemicals, repair and maintenance parts, lubricants and other materials and supplies needed for proper operation and maintenance of the collection, treatment and disposal systems. The OPERATOR will be reimbursed for the actual cost of the materials purchased, including shipping and handling charges and taxes, plus a percentage markup of 15 %. This percentage markup may be adjusted as provided in Section 7.1 as additional phases of the CITY'S wastewater and stormwater systems become operational

- 5.3.2 The City reserves the right to directly purchase any materials and supplies for the operation and maintenance of the systems. All responsibilities for receipt and storage of any materials directly purchased by the City remain with the Contractor
- 5.3.3 OPERATOR shall obtain prior written approval from the CITY'S REPRESENTATIVE before purchasing any parts or materials in excess of \$500.
- 5.3.4 In addition to repair and maintenance items, OPERATOR may modify the process and/or Facilities to achieve the objectives of this Agreement and be reimbursed for the cost of parts and materials for such modifications under the contract; provided, however, OPERATOR shall obtain the prior written approval from the CITY'S REPRESENTATIVE.
- 5.3.5 Office supplies, computer supplies, toiletries and other materials incidental to the work performed under the Annual Fee will not be reimbursed. All costs thereof, including the OPERATOR'S overhead costs and profit, shall be considered as included in the proposed Annual Fee.

5.4 Storm Structure Cleaning Unit Cost:

The OPERATOR will be compensated at the following unit prices for cleaning of each of the two types of storm structures. These unit prices may be adjusted as provided in Section 7.1 as additional phases of the CITY'S wastewater and stormwater systems become operational.

| Structure Type | Cost Each |
|------------------------------------|-----------|
| Cylindrical Inlet Catch Basin | \$95.00 |
| Rectangular Well Control Structure | \$95.00 |

5.5 Sludge Thickening Incentive

- 5.5.1 The Sludge Disposal Costs will be paid by the CITY under a separate Agreement with a Sludge Hauler. The cost for operation and maintenance of sludge handling and thickening equipment by the OPERATOR is to be included in the Annual Fee. In order to provide an incentive to minimize the volume of liquid sludge to be hauled, the OPERATOR will receive additional compensation or a deduction from the Annual Fee as follows:

The Little Venice treatment facility includes a rotary drum sludge thickener and polymer feed system. The target sludge concentration at

time of hauling shall be 3% solids. The Contractor will be compensated for thickening the sludge beyond 3% according to the following formula:

$$\text{Compensation} = (((\% \text{ solids} - 3.0)/3.0) \times \text{Volume Hauled} \times \$/\text{gallon}) \times 0.5$$

If the sludge is hauled at a concentration less than 3% solids, a deduction will be made from the monthly invoice on the Annual Fee calculated by the formula:

$$\text{Deduction} = ((\% \text{ solids} - 3.0)/3.0) \times \text{Volume Hauled} \times \$/\text{gallon}$$

5.5.2 This incentive will be applied for the period starting on the effective date set forth in Article 4.1. It is the CITY'S intention to purchase, lease or otherwise obtain the use of a mobile centrifuge to dewater the digested waste activated sludge and discontinue this incentive. This incentive will be discontinued upon 30 days written notice from the CITY to the OPERATOR.

5.6 Starting on the first day of the first month of the second Agreement year and every consecutive year thereafter, for the entire term of the Agreement, the Annual Fee in effect at that time shall be automatically adjusted according to the annual Consumers Price Index-(CPM Miami-Ft. Lauderdale, FL Area) or four percent (4 %), whichever is less.

The OPERATOR shall remain solely and exclusively responsible for compliance with all safety requirements and the safety of all persons and property at the Facilities.
- 18.4 In any emergency threatening the safety of persons or property, OPERATOR may act without written amendment or change order, at OPERATOR reasonable discretion, to prevent threatened damage, injury or loss, the CITY shall compensate OPERATOR for any such emergency work notwithstanding the lack of a written amendment.
- 18.5 OPERATOR shall be responsible for any hazardous environmental conditions created by the OPERATOR, Subcontractors, Suppliers, or anyone else for whom OPERATOR is responsible. If OPERATOR encounters a hazardous environmental condition or if OPERATOR or anyone for whom OPERATOR is responsible creates a hazardous environmental condition, OPERATOR shall immediately: (i) secure or otherwise isolate such condition; (ii) stop all performance of Services in connection with such condition and in any area affected thereby, and (iii) notify CITY and immediately thereafter confirm such notice in writing.
- 18.6 During such periods of time as are designated by the United States Weather Service as being a hurricane watch or warning, or in the event of another emergency affecting the safety or protect of persons, the Facilities, or property adjacent thereto, or to avoid imminent environmental contamination, OPERATOR, without special instruction or authorization from CITY, shall take

all precautions necessary to respond to all threatened events and to prevent or minimize such threatened damage, injury or loss.

- 18.7 Compliance with any hurricane watch or warning precautions specific to the Florida Keys shall not constitute a Change in Scope of Services as provided in Article 7 herein.
- 18.8 In the event of any emergency condition involving the Facilities which is found by the CITY to present a significant, immediate danger to public health, whether the cause of OPERATOR or otherwise, and OPERATOR is either unable or unwilling to correct such condition, CITY may replace OPERATOR without notice during the emergency condition, provided that at the conclusion of any condition, OPERATOR shall be reinstated by CITY. Provided further, however, that CITY shall not be obligated to reinstate OPERATOR at the conclusion of the emergency condition and may terminate this Agreement if OPERATOR'S inability or unwillingness to correct such condition itself constitutes grounds for termination of this Agreement as provided under Article 13. OPERATOR shall not be entitled to any compensation for the time in which it was removed.
- 18.9 If the emergency condition is found to have been caused by the fault, action, inaction, omission or negligence of OPERATOR, OPERATOR shall be liable for the costs incurred by CITY in replacing OPERATOR, remedying the emergency condition, and repairing any damage caused thereby, or making compensation to CITY or other governmental entity, the Facilities, or any effected third party.

- 19.2 The obligations undertaken by OPERATOR pursuant to the Agreement shall not be delegated or assigned to any other person or firm unless CITY shall first consent in writing to the assignment.
