AMERICAN RECOVERY AND REINVESTMENT ACT
UNITED STATES DEPARTMENT OF ENERGY AWARDS

THIS AGREEMENT is entered into between the STATE OF FLORIDA, EXECUTIVE OFFICE OF THE GOVERNOR (EOG), FLORIDA ENERGY AND CLIMATE COMMISSION whose address is 600 South Calhoun Street, Suite 251, Tallahassee, Florida 32399-0001 (hereinafter referred to as the "Commission") and the MONROE COUNTY BOARD OF COUNTY COMMISSIONERS, whose address is 1100 Simonton Street, Key West, FL 33040-3110 (hereinafter referred to as "Grantee" or "Recipient"), a local government, to provide financial assistance for the Keys Energy Conservation Initiative.

In consideration of the promises and mutual agreements contained herein, the Commission and the Grantee acknowledge and agree as follows:

1. The United States Department of Energy (USDOE) awarded funding to the Commission pursuant to USDOE through American Recovery and Reinvestment Act (ARRA) Grant Agreement No. DE-EE0000241. The Grantee shall be a sub-grantee of federal financial assistance from USDOE. The Grantee is responsible for complying with the appropriate state and federal guidelines in the performance of its activities pursuant to this Agreement.
2. The Grantee agrees to perform in accordance with the terms and conditions set forth in this Agreement, its attachments and exhibits named and incorporated by reference. For purposes of this Agreement the terms "Grantee" and "Recipient" are used interchangeably.
3. This Agreement shall begin upon execution by both parties and end no later than March 31, 2012, inclusive. If allowed by USDOE, this Agreement shall be effective upon execution for purposes of reimbursement of allowable costs resulting from obligations incurred and meeting the cost share or match requirements as described in Attachment A, Grant Work Plan. Profit to the Grantee, or any of its subgrantees, is prohibited by 10 Code of Federal Regulations (CFR) Part 600. This Agreement may be amended to revise Attachment A, Grant Work Plan, if additional funding is made available by the USDOE and/or the Florida Legislature.
4.
 - A. The Grantee shall be eligible for reimbursement of allowable costs resulting from obligations incurred during the term of this Agreement. The Commission shall reimburse the Grantee for allowable costs on a not more frequently than monthly cost reimbursement basis in an amount not to exceed \$2,687,288 after receipt and approval by the Commission's Grant Manager of satisfactory reports and documentation as required in this Agreement. The parties agree that the Grantee is responsible for providing a minimum match of \$602,896 toward the project described in Attachment A, Grant Work Plan. All cost sharing or match shall meet any applicable federal requirements.
 - B. Prior written approval from the Commission's Grant Manager shall be required for changes between approved, funded budget categories up to 10% of the total, approved Grant funds. Approval of such changes will be contingent upon submission of a revised Project Budget. Budget category changes greater than 10%, the addition of previously unapproved or unfunded budget categories or the addition of previously unapproved or unfunded budget line-items, will require a formal written amendment to the Agreement. The Commission agrees to review a request by the Grantee to modify Attachment A, Grant Work Plan, should the Grantee find, after receipt of competitive bids, that the project described in Attachment A, Grant Work Plan, cannot be accomplished for the current estimated project cost. If the Commission agrees to a modification of Attachment A, Grant Work Plan, it may be modified not to exceed the awarded funding identified above. Any such modification would be by formal written amendment, in accordance with Section

FLORIDA ENERGY AND CLIMATE COMMISSION
GRANT AGREEMENT NO. ARS010

The Grantee shall submit a properly completed Attachment B, Payment Request Summary Form, with supporting documentation of allowable costs, including for the final reimbursement request, as described below in paragraph 4.D. Ten percent of each approved reimbursement request shall be retained by the Commission pending Grantee's compliance with Section 8.
- D. All reimbursements under this Agreement shall be in compliance with the laws, rules and regulations applicable to the expenditure of State and federal funds. The State of Florida guidelines for allowable costs include, but are not limited, to the Florida Department of Financial Services' Reference Guide for State Expenditures located at <http://www.myfloridacfo.com>. Federal program guidelines for allowable costs and related topics are listed in Attachment E, Federal Regulations and Attachment F, Federal Funding Grantee, Sub-grantee and Contractor Provisions. The Grantee must provide a detailed listing of expenditures made under this Agreement as support for the Payment Request Summary Form. The listing shall include, at a minimum, a description of the goods or services purchased, date of the transaction, check or voucher number, amount paid and vendor name. All requests for reimbursement of travel expenses shall be in accordance with the travel requirements including mandated forms required by Section 112.061, Florida Statutes.
- E. In addition to the requirements contained in paragraphs 4.C & D above, the Commission may periodically request additional proof of a transaction to evaluate the appropriateness of costs to the Agreement pursuant to State of Florida guidelines. When requested, this information must be provided within 30 calendar days of such request.
5. The Commission's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature of the State of Florida and the availability of federal funding for the specific purpose of funding the Commission's obligations under this Agreement. In the event of a State revenue shortfall, withdrawal of State budget authorization and/or rescission of federal funding, the total funding may be reduced accordingly. The Commission, in accordance with direction from the Governor and/or the Florida Legislature, shall be the final determiner of the availability of any funds.
6. The Grantee shall submit, using Attachment C, Monthly Progress Report, monthly updates, to describe the project progress, work performed, problems encountered, problem resolution, schedule updates and proposed work for the next reporting period. The Commission's Grant Manager may request additional information if the Commission's Grant Manager determines it is necessary. The Commission's Grant Manager shall have ten calendar days to review deliverables and payment requests submitted by the Grantee.
7. The Grantee shall submit an Annual Report 15 calendar days after the end of the first year of the project, if the term of the project exceeds one year. 8. The Grantee shall also submit a Final Report 15 calendar days prior to the expiration date of the Agreement. The Final Report will provide a final narrative detailing and evaluating the accomplishments and impact of the project. The Final Report will include an evaluation of the energy savings directly attributable to the project, projections of estimated energy savings expected to accrue from the project and policy recommendations, which may be helpful in implementing other projects of a similar nature. 10.
 - A. Commission staff will perform compliance monitoring during the term of the Agreement, in addition to the review of Monthly Progress Reports, but not less than once a year, to ensure Agreement compliance.  - C. If issues of non-compliance are identified in the monitoring report, a written Corrective Action Plan (CAP) may be required of the Grantee. If required, the CAP shall be submitted to the Commission's Grant Manager within ten calendar days of receipt of the monitoring report. If a CAP is required of the Grantee, failure to correct deficiencies after thirty calendar days from the date-of-receipt of a written monitoring report notating the deficiencies may result in a determination of breach of Agreement and termination of services. If a CAP is not required of the Grantee, the Commission may proceed under Section 11 and/or Section 14.
11. The Commission may terminate this Agreement at any time in the event of the failure of the Grantee to fulfill any of its obligations under this Agreement. Prior to termination, the Commission shall provide 30 calendar days written notice of its intent to terminate and shall provide the Grantee an opportunity to consult with the Commission regarding the reason(s) for termination. If this Agreement is terminated, the Commission shall only pay for those acts satisfactorily completed under this Agreement prior to the date of termination. The Commission shall not pay the Grantee for any work performed after such termination, except as described in Section 14.F.

STATE OF FLORIDA
GRANT ASSISTANCE
PURSUANT TO
AMERICAN RECOVERY AND REINVESTMENT ACT
UNITED STATES DEPARTMENT OF ENERGY AWARDS

A. **PROJECT TITLE:** Keys Energy Conservation Initiative

B. **PROJECT LOCATION:** Monroe County, Florida

C. **PROJECT BACKGROUND:**

Monroe County will implement a comprehensive energy savings project, in partnership with the City of Key West, City of Marathon and Islamorada, Village of Islands, which will include several cross-jurisdictional and individual community energy savings activities.

The Grantee has identified eight projects to execute a wide assortment of energy savings activities which will benefit 96% of the Keys population. The activities include installation of solar water heaters, energy efficiency outreach and education, retrofitting sports lighting, retrofitting outdoor lighting, development of an Energy Efficiency and Conservation Strategy (EECS), energy audits, purchase of hybrid vehicles and replacement of street lighting poles.

Affordable Residential Solar Water Heaters

The Grantee, in partnership with Habitat for Humanity (H4H), will install or replace conventional hot water heaters with solar hot water heaters in low to moderate income households. The Grantee will also issue rebates for solar water heaters. This component of the conservation initiative will be coordinated with NexGENergy and Monroe County's Weatherization program.

Energy Efficiency Educational Video Communication and Outreach

The Grantee will facilitate the production of a 15-minute video and radio segment for National Public Radio (NPR) to highlight the Keys Energy Conservation Initiative 2010. The educational and outreach materials will be available on local government websites and television channels. The materials will be disseminated by CD, DVD and email. Additionally, the Grantee will hold 12 educational workshops for commercial and residential energy efficiency measures. Outreach components of this project will increase the number of Green Living and Education (GLEE) Certified Green Business Partnerships by 100%.

Retrofit Local Park Ball Field Lighting

The Grantee will retrofit lighting in six public parks with new energy efficient light fixtures. The parks include the Clayton Sterling Sports Complex, Dewitt Roberts Softball Field, Rosa Hernandez Softball Field, George Mira Football Field, Nelson English Park and Pepe Hernandez Park. These parks are located in the City of Key West.

Greenhouse Gas Emissions Inventory, Energy Audits and Outdoor Lighting Retrofit

Phase 1: Greenhouse Gas (GHG) Emissions Inventory – The Grantee will select a consultant to conduct a greenhouse gas emissions inventory for the City of Marathon. A final report will document the results and recommended strategies for implementation.

Phase 2: Energy Audits – The Grantee will hire a consultant to conduct community residential and commercial energy audits and an energy audit for City facilities in the City of Marathon. The results of the studies will be made available to residents and the business community.

Phase 3: Outdoor Lighting Retrofit – The Grantee will conduct an outdoor lighting retrofit for Sombrero Beach Road street lights and Marathon Community park lights. The contractor will retrofit 250 outdoor lights.

ATTACHMENT A GRANT WORK PLAN

EECS Development

The Grantee will utilize technical assistance consulting services to assist a team of interdepartmental county staff members with the formulation of an energy efficiency, energy conservation and energy usage strategy. The strategy will identify the means to achieve goals, metrics for measuring progress, timelines for implementation, financing mechanisms and staff assignments. The EECS will ensure sustained benefits of the grant funds beyond the grant period.

County Facilities Energy Audit and Retrofit

The Grantee will implement energy efficiency measures, based upon audit findings, at four Monroe County facilities, located in Key West, with a total square footage of 197,823 and an annual energy cost of \$534,019. An energy audit will allow the Grantee to develop base-line energy use and an in-depth report of quantifiable energy conservation recommendations to determine the most cost effective improvements and to ensure the best possible use of the retrofit funds. The building retrofits will emphasize efficiency and may include retrofit lighting, insulation, heating, ventilation and air-conditioning (HVAC) upgrades, training programs for operation and facility users and monitoring systems.

Hybrid Vehicle Purchase

The Grantee will reduce GHG emissions by upgrading the County fleet with five hybrid electric vehicles which represents 10% of the administrative fleet. The vehicles will replace five conventional gas-powered vehicles.

Replacement of Street Lighting Poles

The Grantee will replace interior street lighting, dog park lighting and security lighting in Founders Park and the Administrative & Public Safety Headquarters parking lot located within the park. This work will consist of stripping 90 existing poles, removing current heads, inspecting each post for damage, repairing damage, preparing poles for new solar heads to be installed, adjusting and strengthening mounts, adding mounting brackets and installation of solar heads. In addition, 10 new light poles will be installed at Plantation Hammock Preserve, Plantation Tropical Reserve, Hurricane Monument and Library Parks. The parks to receive retrofits through this component of the project are located in Islamorada, Village of Islands.

D. PROJECT OBJECTIVES:

- **Objective 1:** To reduce power consumption within the county by procuring and installing residential solar water heaters in a minimum of 20 low or moderate income households.
- **Objective 2:** To create an educational workshop for commercial and residential energy efficiency measures and a 15-minute video and radio segment to highlight the Keys Energy Conservation Initiative 2010.

I. BUDGET DETAIL:

Using the definitions provided below, the detailed, line-item budget clarifies the Budget Summary shown in Section G. Budget Category Sub-Totals have been rounded to the nearest whole dollar value. Up to 10% of grant funds may be used for administrative costs, excluding the cost of meeting reporting requirements of the program.

Administrative costs are defined as: allowable, reasonable, and allocable Direct and Indirect costs related to overall management of the awarded grant (including travel). For each budget line-item, the appropriate column identifies if the cost is: 1) Grant or Match, 2) a Direct cost used to calculate Indirect Costs (if approved) and 3) whether the cost is Administrative in nature. A description of what is required for each budget category is as follows:

1. Salaries - Identify the persons to be compensated for work on this project by name (if known), position, and title. Show the hourly cost and total hours to be charged for each person or position. Divide annual salaries by 2080 hours and nine month academic salaries by 1560 hours, to find the hourly rate.
2. Fringe Benefits - Multiply the rate by the total salaries to which fringe benefits apply. If the rate is variable, explain and show calculations.
3. Travel - List trips by their purpose and/or destination. Indicate the number of days for each trip. The Commission will only reimburse for travel at the appropriate State of Florida rate (Section 112.061, Florida Statutes), using the forms referenced in Attachment B, Payment Request Summary Form. Be prepared to provide the Commission with details on costs utilized to calculate the "Amount Budgeted" for each trip.
4. Supplies & Other Expenses - List expendable supplies by category description, unit costs and quantity. List other expenses not included in any of the above categories. Examples would be printing, copying, postage, communications, etc. Non-expendable equipment valued at less than \$1,000 may be listed also. Include only expenses directly related to the project, not expenses of a general nature. For Match only, list costs related to donated real property such as land (not to exceed the fair market value of the property).
5. Equipment - List non-expendable personal property/equipment valued at \$1,000 or more by description, unit cost, and quantity. Computers and data-processing equipment should be described in detail.
6. Contractual Services - Subcontractors should provide the same information required by this budget table, with the following exceptions: (a) when professional services are provided at a pre-existing approved rate or fee shown on the budget; or (b) the subcontract is to be obtained competitively. For either (a) or (b), show an estimated maximum amount.
7. Indirect Costs/Rate -- Indirect Costs are not authorized.
8. Total Budget Category -- Show the total of all line-items within a Budget Category.
9. Total Budget - Show the total of all categories.

GRANT REIMBURSEMENT DETAIL and
MATCH DOCUMENTATION DETAIL

Provide a detailed, line-item description using the worksheet provided for each Budget Category of funds Grantee is requesting for reimbursement or documentation of Match. Costs listed on the Grant Reimbursement Detail must reflect information on supporting documentation, must correspond with the approved Project Budget, the Payment Request Summary Form – Project Expenditures Summary Section and accompanying supporting documentation. The description of each line-item must include the month and year that the item was received; this month and year must fall within the Reimbursement Period. Any line-item with a corresponding month and year prior to the Reimbursement Period must be accompanied by a statement that this cost was not included in a prior Reimbursement Request. For each budget line-item, identify if the cost is: 1) Grant or Match, 2) a Direct cost used to calculate Indirect Costs (if approved), and 3) whether the cost is Administrative in nature. Provide accurate costs and do not round the amounts to the nearest whole dollar value.

Supporting documentation for each amount for which reimbursement is being requested must: 1) list the item that has been paid for, 2) be submitted in the order in which items are shown on the Grant Reimbursement Detail and the Match Documentation Detail and 3) be either highlighted or circled. Check numbers may be provided in lieu of copies of the actual checks. If an item was purchased with a credit card, reflect “paid by credit card” on Grant Reimbursement Detail or the Match Documentation Detail, in lieu of a check number and provide vendor receipt reflecting that the item was paid by credit card (this can be hand written) along with a copy of related credit card statement (credit card number and other confidential information may be blacked out). Each piece of documentation must clearly reflect the dates of service. Only expenditures for budget categories and budget line-items in the approved Project Budget will be reimbursed or documented as Match. Listed below are the types of documentation and examples of minimum requirements.

- (1) **Salaries:** A payroll register or similar documentation should be maintained. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.
- (2) **Fringe Benefits:** Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee, e.g., insurance premiums paid. If the Grant Agreement specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.
- (3) **Travel:** Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, including submission of the claim on the approved state travel form that has been signed and dated by the traveler and the traveler’s supervisor and copies of all travel receipts must also be attached. For additional information on documentation of travel costs, contact the assigned Commission Grant Manager.
- (4) **Supplies - Other Expenses:** Reimbursement will be made based on paid invoices/receipts.
- (5) **Equipment:** Reimbursement will be made based on paid invoices/receipts. Attachment J, Property Reporting Form, must be properly completed, signed and attached to the Attachment B, Payment Request Summary Form for each item of equipment requested for reimbursement or match documentation.
- (6) **Contractual Services:** Reimbursement will be made based on paid invoices/receipts. Subcontractors must be listed on Attachment C, Monthly Progress Report, for the corresponding reimbursement period.
- (7) **Indirect Costs:** If the Grant Agreement allows recovery of Indirect Costs, the calculation of these costs must be based upon direct costs reflected in the corresponding reimbursement period, utilizing the Indirect Cost rate in the approved Project Budget.
